FOREWORD

The purpose of any yearbook is to relive moments in a student's life. This is done through pictures, pictures we hope will bring something to the mind of each student. Hopefully his year's 1970 MIDLANDER will fulfill this purpose.

The staff has consisted of a very small number of people. These I give my thanks. But special thanks go to Dr. Homer Pittard and Mrs. Thelma Briley. Without these two to fall back on when help was needed the MIDLANDER would never have made it. THANKS!

We have tried hard to make this yearbook a good one.

Women who have a 2.0 overall average and a 3.0 average in the field of music are eligible for membership into Omicron Psi chapter of Delta Omicron International Music fraternity. The purpose of Delta Omicron is to create and foster fellowship, to develop character, to stimulate the appreciation of good music, to develop the highest possible scholastic attainment and to give materials and aid to needy and worthy students. The fraternity's motto of "Continually striving, we attain" is ably promoted by their activities. They hold a concert each year and sing Christmas carols to the rest homes in the Murfreesboro area. They have one induction each semester and jointly with Phi Mu Alpha they hold an open musicale each year. They cooperate with the national fraternity in all goals such as helping prepare for a national conference each year.

Delta Omicron

Alpha Psi Omega is dedicated to the concentration necessary to bring the immortal Bard's testimonal into sharp focus. To be eligible for membership one must earn one-hundred hours work in connection with play production and must have demonstrated proficiency in at least three fields of dramatic endeavor. These fields include designing, set construction, managing, directing, costuming, lighting, make-up and acting. It has as its objective to promote excellence in the dramatic arts particularly the field of acting. The Lambda Gamma Cast, as this chapter is known, puts on various productions each year. For those students who spend many long hours working on the three publications for the University, Alpha Phi Gamma offers them official recognition for their work. In order to be a member, a student must have held a position on either the SIDELINE, MIDLANDER or COLLAGE. These students must have held a major position for one semester or a minor position for two semesters. The only satisfaction these students received after the long hours, the pain and frustration is the finished product. The primary goal of this organization is to improve the MTSU campus publications. At many of the meetings, the members spend a lot of time in constructive criticism. Through working together, the organization hopes to improve each publication and to involve more students in the areas of publication.

Contrary to popular belief agriculture has become one of the most emerging professions. Agriculture now has become a business with many business practices. Because of this new look at agriculture, Delta Tau chapter was formed at MTSU to aid in getting these ideas across to the public. The purpose of Delta Tau Alpha is to promote and recognize high standards of scholarship, leadership, and character among agriculture members. Its members aid in an agriculture assembly and present a deserving freshman student majoring in agriculture an award at their annual Awards Day. To be eligible for candidacy into this fraternity a student must have at least fifteen semester hours in agricultural courses earning a 3.0 average, at least forty-five University hour courses earning a 2.0 average and receive a two-thirds vote from its members. As one of its annual projects the group travels to various high schools in order to promote a better understanding of the agricultural major and to promote greater interest in this field.

Gamma Beta Phi

Instead of limiting itself to a particular area, Gamma Beta Phi takes in membership from the student body at large. Its purpose is to serve as a service and educational fraternity. Membership is opened to those who have a 2.7 cumulative average and are a sophomore, junior or senior. Also the rushee must prepare a paper on some aspect and meaning of life. The organization's two service projects are to encourage and assist college students in the maintenance of academic excellence in college courses and to assist and encourage qualified high school students to continue their education beyond high school. The members sponsor a child at the ASB Christmas party and hold a banquet in December. One of the organization's most worthwhile projects is to aid during registration.

One of the most honored groups a man on the MTSU campus can belong to, The Sigma Club, is the most unique. The members are chosen based on their academic achievement, leadership ability, and contribution they have made to the University. Intellectual and spiritual abilities are stressed above those of physical and material. Composed of graduate and undergraduate members it is the oldest club on campus. The members are initiated in the fall and spring. They must have at least sixty hours and have a 3.0 cumulative average. The club meets monthly and together they discuss campus and world affairs. Because they are a honor group they keep social functions to a minimum. Their yearly project is to work with Tau Omicron as a free tutoring service. In summary, "The organization incorporates in its requirements for membership all of the qualities of personality and intellect which the University has sought to use as a standard since its founding many years ago."

RACIS

Sigma Club

Established in the fall of 1930, Tau Omicron is the most highly coveted honor among junior and senior women. An invitation to join this organization implies that a woman is an exceptional individual in several aspects. Invitations are sent out twice a year, in the fall and spring. During the spring of 1965 a loan fund was established and women students with a 2.0 average were eligible to apply for the loan. During the course of the year, Tau Omicron participates in many campus activities. They sponsor the annual All-Sing, and along with the Sigma Club offer a free tutoring service. The purposes of the orgzaniation are to bring into closer fellowship a group of the highest type of girls for mutual help, both to each other and to their Alma Mater; to promote scholarship; and to uphold the standards and ideals of this institution of learning.

The Band of Blue under the direction of Joe Smith, and Dr. Horace Beasley, has given the University many hours of enjoyment. The Band has performed at all of the MTSU home games and represented the University in parades throughout the state. The Band members aid the school in various clinics that are held at MTSU. For the first time this year the Band has had a color guard and guidons. This has added more color and excitement to the Band. The Band puts in many long hours of rehearsals each week in order to stay the Pride of the University. Many of these same people also participate in the Concert Band. They travel in the spring to various parts of the state and perform at high schools and area clubs. The highlight of the year is the outdoor concert held on the lawn of the Fine Arts Building. Anyone who has heard these bands can understand why they are the PRIDE of the University . . . THE BAND OF BLUE.

In the wake of Charles "Bubber" Murphy's resignation as director of Raider grid fortunes, Don Fuoss of Purdue came to the helm at Middle Tennessee State University. Although the 1969 season was not successful insofar as games won were concerned, it was not a "lost" year. In the first place, it was a time for Coach Fuoss and his assistants to gauge the material and to adapt battle lines for the future. And, in the second place, it revealed, the person of Coach Fuoss, one of the most dedicated and diligent individuals who has come to the Murfreesboro campus. The Raiders will prosper under his skillful direction.

Basketball

The Big Blue ended up the regular season with a 15-11 tally for all games and a 6-8 mark in OVC play and came up fifth place in the conference. This season, under the new Head Coach Jimmy Earle, we had some of the most unbelievable games that the Raiders have ever played and all of the Blue had a part in performing these games. It took a while for the Raiders to get hot but when they did they went through five big games before they were put down, and then by only a few points by the No. I team in the OVC Conference. The Raiders last half of the season was one of the best, winning 11 games out of 15. It seemed as though the Raiders could not get off on the right foot. Steve McElhaney was injured and was put out for the whole season only after a few of the Raider's first games. But with some of the Big Blue's standins, no one was worried, for Coach Earle had some of the best substitutes in the OVC. For the last time, four players performed and these four were partly responsible for giving the Raiders their excellent season.

Steve McElhaney, one of the Raiders' finest performers had to stop his playing about half way through the season due to a broken ankle suffered in the MTSU-UT Chattanooga game. It seems as though Steve was going to have a bad season accident wise, by first cracking a bone in his back and then forced out of play due to bronchitis. Even though Steve was not able to play, he could not stand to sit on the bench and not do his part. At times Steve would beg Coach Earle to let him play and with such ambition how could he be turned down. One thing we fans have to look forward to is to see Steve on the floor next season.

Steve McElhaney.

Track

According to Coach Dean Hayes, the 1970 Track team will prove to be one of the better teams thus far in track history. Four of the team members qualified for the Ohio State Invitational Track Meet. Dave Wyatt, co-captain for this year, earned his trip with a tie for fourth place in the open quarter mile dash, speeding through the curves in 48.9 after qualifying with a 49.9. The other captain, Lonnell Poole, also qualified for the meet. He broke his old school record by a tenth of a second and took fourth in the meet with 8.6 in the 70 yard hurdles. Of the four that quaified for the meet two of them only had to prove themselves. This is the best Middle Tennessee has ever done. According to Coach Hayes, "We did pretty fair, but the rest of the season will have to prove us."

Dave Wyatt shows his style in the 440 Intermediate hurdles.

Tennis

This year's tennis team has a lot to offer to the University. Under the coaching of Buck Boudlin and Mike Albano, a recent graduate, the netmen put in many long hours of practice. They even gave up their Spring break to play in a tournament in Florida and in Oklahoma. This year's team is looking forward to another OVC championship and winning various tournaments. There are six returning lettermen and this holds great promise for the netmen. An interesting note to the team is the fact that two English players have joined this years' squad.

MTSU Linkmen started the season on a winning note, winning the Murray State Invitational with a 590 total, 19 strokes over Austin Peay. The Linkmen are paced by Jeff Riley who has taken the top spot in many tournaments. Under the coaching of Dr. E. K. Patty, named Coach of the Year five times, the Linkmen may prove to be as good, maybe even better than previous teams. In its second year in the NCAA, University division, the team has come away with the title once and on some occasions Raider golfers have won individual titles. This year the golf team will host the OVC Tournament at Stones River Club.

First row left to right: Larry Wilson, Mgr., Gary O'Bryan, Stan Evans, Randy Robison, Denny Williams, Scott Corbin, Barry Sain, Tony Kessinger, Larry Mangrum, Ronnie Black, Mgr. **Middle:** Charlie Mundy, Les Price, Terry Rowe, Steve Phillips, Denny Bailey, Bo Alvarez, Captain, John Heatherly, Mike Townsend. **Back row:** Harry Maurice, Jeff Sakas, Gary Elrod, Eddie Robichaud, Butch Wright, Chester Brown, Jim Gilliam, Jim Weaver, Prestly Guy, Jim Witherow, Coach Butch Clifton, Coach Ken Pack.

Baseball

Each year as Spring rolls around the students at MTSU welcome the sight of bats and balls as the Baseball team begins another season. Coach Butch Clifton takes over as head coach and hopes to produce another OVC Championship team this year. Gary O'Bryan will get the starting nod for pitching in the first game. Captain, Bo Alvarez will get the starting nod at third base with Tony Kessinger starting at first base. Scott Corbia will start at short stop. Clifton indicated that Butch Wright, veteran catcher will see starting action. According to Clifton, he is well pleased with the boys, and he knows that they will attempt to please the coach even more by bringing home the OVC crown.

Intramurals

Intramurals have grown to student recognition in the past year. This year's intramurals included football, pool, swim meet, basketball, and track and field. Various organizations participate in the program from the Greeks, to Independent men and women teams. Through the intramural program these groups can interact together and bring competition to other groups other than the varsity teams.

Pool became intramural activity this year.

ALPHA PI

ACADEMICS

The President

President Scarlett has become known to all on the MTSU campus. In the past two years he has been at Middle Tennessee, tremendous changes have occurred. He has been successful in obtaining approval for a Doctor of Arts degree. He also took the problem of compulsory ROTC before the State Board. One of the most outstanding achievement for this year concerned the Greeks, President Scarlett conferred with·officials about the possibilities of a Fraternity Row on campus. This action was approved and the Row will be started possibly in the next year. Dr. Scarlett has become close to the students because he works for the students. In just a short time Dr. Scarlett has made Middle Tennessee what it should be a . . . UNIVERSITY.

President Scarlett's office is always opened to students.

Tennessee State Board of Education

The Tennessee State Board of Education has a great deal of influence on the students and faculty at MTSU. The increase in enrollment is a growing concern of the Board. Two of the members are graduates of MTSU, Hon. J. Howard Warf, Commissioner, and Mr. Edward Jennings. With the aid of the Board, Governor Ellington is now carrying out a stronger education program for the schools of Tennessee. The students of Middle Tennessee State are very grateful to Governor Ellington and the State Board for their support. As the University grows let us not hesitate to call on the State officials when needed.

ANALYS

What sort of man wears a John Roberts ring?

Not lightweight when it comes to books and a positive authority on good looks. He is the most sophisticated man on campus . . . a man with a talent for surrounding himself with the fairest femmes in sight—a young man with lots of drive on the campus and off, he takes his recreation first class. For this take-charge young man, the sky is the limit—and he soars often. Take off yourself and let your success show a little. Show it with your Official Middle Tennessee State University Ring. Available at the M T S U Bookstore.
